\* means this marshal is a trainee or OD (at the time of writing) so it is **IMPERATIVE** that they are accompanied by a min of SD.

One person can marshal up to 15 pool users but we always need 2 marshalls to cover both pools as we regularly have over 15 in the pools, although Barry Perton does attend all try dives.

Please wear the high vis jacket & complete the pool user log sheet, including your names and the date! Supervising QI may be in-water.
